## TRAVEL HEAD LEAK TESTER

- Vacuum Conveyor with Side Transfer
- All Electric Test Head
- Up to 150BPM
- Self Test

With our single head traveling leak tester. You can test bottles up to 150 BPM without stopping the conveyor. If you have an unstable bottle and need to test quickly this is the unit for you. With great feedback for your operators, including graphs of the tests and visual indicators of pass/failed bottles. Recipe storage allows for changing of setups quickly and easily.

### Specifications
